Guide to Online FFA Applications in 2015

Updated February 10, 2015

Background

*SPECIAL NOTE: A new National FFA Website launched on February 9, 2015. The step-by-step instructions in the previous resource provided is now invalid. Please use this resource (updated on February 10, 2015) moving forward.

The new website brings the end to the terminology "AgCN" and begins the use of "FFA.org," "My Journey" or "My Dashboard." The functionality of tools such as the roster and applications has remained the same. If a student set-up a profile PRIOR to February 9, then the username and password has remained the same. If a student did NOT have a profile prior to February 9, then he/she will need to get the invitation code from his/her advisor and sign-up following the instructions in the "My FFA Registration and Login" section of the website.

The new website brings changes such as a single sign-on for all FFA services, a fresh look and feel, an enhanced search, a personal dashboard, a personalized experience, the ability to be used on any device, easy to use navigation and my journey.

Applications

The following applications are now available for students to complete online. Only online versions of these applications will be accepted in 2015 and moving forward. All other applications (excel files) are obsolete and will not be accepted.

The Agricultural Experience Tracker (AET)

*If your chapter subscribes to AET and students have AET records, the application is automatically locked to the AET records. To unlock the application, click the "Click Here" hyperlink to unlock the application. Doing this will maintain current AET records but will not automatically make updates as changes to AET records are made. If the student does not want to unlock their application, the student will need to make sure his/her records are accurately and completely filled out in the AET record keeping system.

*If your chapter does not subscribe to AET, students will need to unlock the application prior to starting by clicking the "Click Here" hyperlink. This will be explained again later in this document.

Internet Access

Students will need internet access to work on the applications. However, there are some worksheets for some applications available that can be printed out and assist in them gathering the necessary information prior to starting the application online.

Important Notes

1. Read all instructions and watch all instructional videos before you begin.
2. Check your application for spelling, grammar, mathematical, or technical errors.
3. For award and degree purposes all unpaid or directed laboratory/SAE hours must occur outside of the regular scheduled agriculture class.
4. For award and degree purposes, no unpaid or directed lab/SAE hours dedicated to owning and managing an entrepreneurship/ownership type project are eligible for consideration at the national level.
5. State and Federal Child Labor Laws should be considered when entering total hours dedicated to an SAE. It is also important to consider the hours a student must dedicate to school, sleep, personal care, etc.
6. The Ending Date is 12/31 of the year prior to submitting your application. For example, applications submitted for consideration in 2015 should have an ending date of 12/31/2014.
7. Inventory refers to current and non-current items on hand that are personally owned by the student as of December 31 of the ending date of the application.
8. While it is common for SAE programs to include other family members, applications should only include the student's share of inventory, income, net worth, etc.
9. State FFA Degree, American FFA Degree and Proficiency Award applications are due March 15, 2015. Accompanying materials are due postmarked by March 15.
